

Adobe Acrobat Connect Pro

5/21/2009

High Impact Web Conferencing That Everyone Can Access

Instant Access

Attendees can join meetings at the click of a URL with no annoying wait times. Connect Pro helps you bring people together for immediate collaboration and interactivity. All they need is a web browser and the Adobe Flash Player software (free download).

High Impact

For web conferencing, Flash technology enables the user of video, audio, and interactivity to create an almost-in-person experience for attendees. Connect Pro makes it easier to keep your audience engaged, ensuring that they work more productively and retain more knowledge—and enjoy doing it.

Live and On-Demand

Sometimes you need to gather people for a live, working session; other times you can let users access critical content on their own terms—when and where it's most convenient. Connect Pro is a complete solution, offering flexibility to deliver rich, engaging content in a live or on-demand format.

Rapid Training

Get training where it's needed, when it's needed. Connect Pro let you quickly create and deliver interactive, multimedia-rich training that addresses a variety of learning styles. Learners can access self-paced courses from anywhere with just a click and complete training at their own pace. Training is also available thru the Office of Instructional Research; please contact Don Merritt.

Web Conferencing

Grab their attention by providing easy viewing and sharing of rich media files. You can share your screen, brainstorm on a whiteboard, chat, and videoconference. The interface is always available so colleagues can jump in with just a click—no scheduling, no registration. The result is effective communication without wasting time and money on travel.

Annual Software License Price List

Meeting Named Organizer, LIC6060

\$250 Annually**

Each individual Named Organizer has the ability to host a meeting with up to 100 total attendees on the Adobe Hosted platform. Named Organizers may create an unlimited number of meeting rooms, however, the Named Organizer can only use one of their rooms at any one time and rooms cannot be accessed unless the Named Organizer is present. Named Organizers must be individuals, not groups or generic logins, and a Named Organizer license cannot be shared with other users. Price includes 'Getting Started' and technical support provided by Don Merritt, OIR.

Adobe Presenter, LIC6061 Purchase

\$100 One-Time

A Presenter license is used to develop and publish content to the desktop or to a Hosted Access License account.

NOTE: To publish content created with Presenter to you must also purchase the Hosted Access License (LIC6062).

Enterprise Hosted Access, LIC6062

\$200 Annually**

A Hosted Access License provides individual Named Authors with the same rights as a Pro Meeting license as well as rights to publish to the Adobe Acrobat Connect Pro Hosted platform. This license includes management, delivery, and reporting functionality. Content can be published from Adobe Presenter, Adobe Captivate or other authoring tools.

***When ordering licenses please provide user info (name/email/phone) for each license ordered so accounts can be created.**

****Annual licenses renew in Sept regardless of when they were purchased.**
